

"DOLLARS A DOG" RAILROAD MAN PRAISES TANAC FOR WIFE'S RECOVERY—SAYS SHE GOES ABOUT NOW WITH HER OLD TIME ENERGY.

"My wife says Tanac has been worth a hundred dollars a bottle to her and I fully agree with her," said J. G. Nichols, of 4121 Summit street, Kansas City, Mo., an employee of the Missouri Pacific railroad here.

"For three years," he continued, "my wife suffered greatly from stomach trouble, her appetite was poor and her food caused gas to form and she was miserable for hours afterward. She was so nervous that she seldom got a good night's rest, and felt so tired and worn out that she could hardly get out of bed in the mornings; she kept losing weight and strength till she could hardly keep on her feet."

"Soon after starting on Tanac her appetite returned and she now can eat anything she wants and it never gives her any trouble. Her stomach is in fine condition, her nervousness is gone and she sleeps like a baby. Now she is in better health than she has been in a long time, and she now goes about her household work with all her old-time strength and energy."

Tanac is sold in Memphis by Wardlaw Drug Co. and West's Pharmacy, and the leading druggist in practically every town and village in America.

PRaise FROM ARIZONA

Mr. Morgan Says Lung-Vita Best Medicine He Ever Saw.

RELIEVED OF COUGH

Had Suffered Eight Months With It Without a Letup.

It is remarkable how the use of Lung-Vita spreads. People know of it and use it in every state of the Union. Though it has been advertised in the South alone, this wide demand can be caused by only one thing—merit. This letter from Mr. Clarence Morgan, of Morenci, Ariz., shows that Lung-Vita gives relief in all climates.

"You doubt wonder why I stopped taking Lung-Vita. The reason is because I am well and I am satisfied that there is nothing in the world to equal Lung-Vita. I had a cough that stayed with me eight months and a rattling in my chest and it seemed as if I could not get any relief until I began using Lung-Vita. The first bottle cured me. I ordered more to be sure. I had one bottle left, which I sent to a lady in Louisville, New Mexico. I think Lung-Vita is the best medicine in the world, and wish all who suffer as I did to try it."

Your druggist or dealer probably has Lung-Vita, but if he can't supply you, write Nashville Medicine Co., Nashville, Tenn., for free booklet.

LIBERTY SAVINGS BANK & TRUST CO.

150 Madison Ave. Capital \$100,000
Transacts a General Banking as well as a Savings Business.
Pays interest at the rate of 3 per cent on Savings Accounts, 4 per cent on Time Certificates of Deposit.
Safety Deposit Boxes for rent, \$2.50 per annum up.

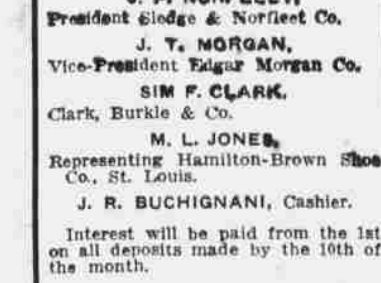

OFFICERS:

STATUS OF CASE REPELLED BY COURT

DE EXPRESSED LET

As Time for Wilson's Return to U. S. Draws Nigh Present Atmosphere is Still One of Expectation.

BY DAVID LAWRENCE. Special Cable Dispatch to The News Scimitar.

PARIS, Feb. 10.—As the days of President Wilson's visit to European soil draw to a close, the status of the negotiations for world peace can not be expressed in definite terms, because the atmosphere is still one of expectation rather than of performance. Nevertheless, the spirit which has thus far been fundamental in regarded by every delegation is that the peace must be an absolute agreement among the associated powers.

Mr. Wilson will take back to America a draft for the league of nations which he will have the approval of the principal powers. Insofar as it is concerned, the league is being considered first. Mr. Wilson won his point. As for the league itself, the early operation treated more to the idea, and it is now recognized that the strong feature of the league is that it instrumentally about to be created on which all agree, rather than the lukewarm Hague conference for which the individual nations made specific reservation.

The big fact is that while the league itself may not satisfy the doubts and apprehensions of the general public, it will establish a permanent clearing house for international affairs, and the presence of all affairs in attendance, will prevent disputes ever reaching an acute stage. For the substitution of an arbitration tribunal, mediation, or investigation probably will not be obligatory after all, but will have content, because the league itself will recommend the use of such tribunals, and any state that is actually authorized, through direct inability of the league to discover the cause of a dispute, will be declared to have committed an unfriendly act against all members of the league.

Up to Each One.

Then it will become the duty of each member to decide for itself how to act and whether it should use economic boycotts, military pressure, or military and naval force.

In other words, with international knowledge of the people of the world, and with machinery provided for amicable settlement, the world is now in a position to decide for itself, here, that war will be made very difficult, if not impossible, for the future by the memory of the sacrifices made during the late war. It will be a conciliatory settlement of disputes.

During the next five years, while the world is unlikely to go to war, it is fully expected influences will be at work gradually to revise provisions of the league in direction of making it stronger and creating more binding commitments to war. As Lord Robert Cecil said to me yesterday, "We must admit, after all, the league of nations is a tremendous experiment."

Recall Easily Invoked.

The recall may be set in motion for the deposition of any member of the council by the filing of a petition by a number of electors, which bears the signatures of electors equal in number to at least 15 per cent of the electors of the city.

After the recall petition has been passed on by the city clerk and found sufficient, and by the council, and the councilman whose removal is sought does not resign within five days subsequent to receiving notice from the council, the council shall fix a day for holding a recall election. An election must be held either in connection with a general election or special election, within not less than 45 or more than 60 days, following presentation of the recall petition to the council.

Complete Initiative.

The power of the initiative delegated by the new charter to the electors includes proposal of ordinances and resolutions, and the power to amend or repeal any ordinance or resolution. Initiative petitions to be effective must carry the signatures of electors in number equal to at least 15 per cent of those who voted at the last preceding regular municipal election. The final finding by the city clerk of the insufficiency of signatures on a petition does not make invalid the filing of a new petition for the same purpose.

30-Day Wait for Referendum.

If any municipal election is to be held not more than six months after the last municipal election, the council's certificate of approval on an initiative measure by the council must be submitted to the electors at the first election to be held within the time aforesaid. The council may provide for submitting the measure to the electors at a special election to be held not less than 30 days after date when provision is made for the election.

Broad Public Ownership.

Extremely comprehensive public utilities provisions are carried in the new charter, section 97, which would give the city of Memphis the power to furnish all local public services, to purchase, hire, construct, own, maintain and operate, or lease, local public utilities, to acquire by condemnation or otherwise, within or without the corporate limits, property necessary for any such purpose; and to grant local public utility franchises and regulate the exercise thereof.

Control Over Transfers.

"After passage by the council no such ordinance shall become effective unless submitted to the electors and approved by a majority of those voting thereon."

"No public utility franchise shall be transferable except with the approval of the council, expressed by a majority and copies of all transfers and mortgages or other documents affecting the title or use of public utility property shall be filed with the city manager within ten days after the execution thereof."

PIONEER IS DEAD.

HELENA, Ark., Feb. 10. (Sp.)—"Uncle Watt" Carruth, one of the oldest citizens of Marvell, died at his home here last Thursday. The pioneer was held at Marvell cemetery, conducted by Rev. Parrish, pastor of the Methodist church. The town of Marvell was named for his brother, Marcell Carruth, who at one time farmed the land where the town now stands.
